President Paralympic Council Malaysia

Para Sports competitions have become very highly contested events in the current times.

Due to greater awareness and recognition by stakeholders, especially by the government, has led to an increase in the number of countries taking part, increase in the number of sports events offered, increase in number of athletes and most importantly the higher performances standards by athletes taking part. All these were visibly seen during the recently concluded Asian Para Games Hangzhou 2022. The performance by Para Contingent Malaysia is praiseworthy with an overall placing in 12th position of the 44 countries with a total haul of 39 medals.

Our focus for the future shall be towards grassroots development to keep the supply chain of new athletes joining elite program. There shall be strategies for discovery of talents for new events as well a gender-balanced athletes' pool. These strategies are vital to keep pace with emerging countries and sustaining past achievements.

On behalf of PCM, I would like to thank all stakeholders – the government and agencies, national sports associations involved, coaches and all support personnel involved to build up our team and facilitate their participation during the games. I would also like to thank the family members of athletes who have placed their hope and provided the moral support to the athletes who have brought fame for themselves and name for the country.

It was a great honour to be appointed as the Chef de Mission of Para Contingent Malaysia for the 12th Asian Para Games Hangzhou 2023.

With assistance of team managers, national sports associations and team secretariat, we managed achieve our mission at Hangzhou. Everyone of the supporting personnel performed their respective roles within the regulations of the Games. As for the athletes, the PCM Selection Committee made a strategic decision to include both the new and young with experienced athletes to boost our medal prospects.

Pre-Games Preparation went on well as planned and all sports had their respective action plans to prime up their athletes. As for the Secretariat Team, registration of the contingent was done with the Games' LOC – HAPGOC. Due to the deferment of the games from 2022 to 2023 (Covid-19), we had some teething challenges but they were amicably solved with close cooperation by all parties.

Introduction

- Asian Para Games

Asian Paralympic Committee regulates the Asian Para Games, often called Para Asiad, which is a multi-sports event for athletes with disabilities that takes place every 4 years following the Asian Games. After the Paralympic Games, Asian Para Games is regarded as the second-largest multi-sports event recognised by International Paralympic Committee (IPC).

All 44 members of Asian Paralympic Committee have competed in the Asian Para Games, and 3 countries namely China, South Korea and Indonesia, have hosted the event throughout its history since 2010. The most recent games took place in Hangzhou, China from 22 to 28 October 2023. The next Games are scheduled to take place in Nagoya, Japan from 14 to 22 October 2026.

History

Prior to Asian Para Games, athletes from the Asia Pacific Region competed in the FESPIC Games (Far East & South Pacific Games for the Disabled). With participation from 18 countries, FESPIC Games were first held in Oita, Japan in 1975. Up to 2006, a total of 8 additional FESPIC Games were held. FESPIC Federation, the games' governing body was dissolved and in November 2006 to make way for the formation of Asian Paralympic Committee in Kuala Lumpur, Malaysia. FESPIC Games was eventually replaced with Asian Para Games 2010 hosted by Guangzhou, China.
